# **Cleaners and Degreasers**

# **Surface Cleaner**

## For the pretreatment of bonding surfaces

WEICON Surface Cleaner is used for the cleaning and degreasing of surfaces to be joined or sealed with WEICON Adhesives and Sealants. Surface Cleaner can be used on materials like metal, glass, ceramics and most plastics, and evaporates without residues. Check surface compatibility prior to use. WEICON Surface Cleaner can also be used to clean and degrease machine components in the course of maintenance works.

#### Technische Daten

| Odour               | solvent                     |
|---------------------|-----------------------------|
| Colour              | transparent                 |
| Specific properties | evaporates without residues |
| Silicone-free       | yes                         |
| AOX-free            | yes                         |
| ISSA Code           | 75.634.30/31/32             |
| Shelf life          | 24 mon.                     |
|                     |                             |

#### Surface pre-treatment

Clean and degrease surfaces with WEICON Cleaner S.

### **Processing**

1. Shake can before use. Surfaces must be dry, clean and free of grease. Spray on one surface at about 15 to 30 cm distance. With porous materials, Adhesive Spray should be applied on both surfaces. 2. Depending on surface characteristics and ambient temperature, let the spray dry (approx. 10 minutes) until the adhesive is no longer stringy. 3. Position the parts and join them with strong pressure.

#### **Storage**

Pressurized container. Protect from direct sunlight and temperatures above +50°C.

#### Safety and health

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

#### Available sizes:

11207150 Surface Cleaner, 150 ml, transparent 11207400 Surface Cleaner, 400 ml, transparent

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the requested properties are recommended. A claim cannot be derived from them.
