

# FOOD GRADE

**SPANJAARD**

## DATA SHEET

### Product Description:

**Spanjaard Spark (Food Grade)** is a multi-purpose spray for use as a water displacing, penetrating, lubricating, cleaning and corrosion preventive fluid.

### Applications:

**Spanjaard Spark (Food Grade)** is formulated for use in the food processing industry where incidental food contact may occur. All raw materials used in the manufacture of the product comply with FDA section 21 CFR 178.3570. and the product is registered with the NSF as a category H1 lubricant. **Spanjaard Spark (Food Grade)** may also be used in packaging, pharmaceutical and other cleanroom environments.

- Water and moisture displacer: helps prevent electrical malfunctions caused by moisture ingress, condensation and humid environments - especially applicable to electric motors in the food & beverage industry subjected to water washing during and between work shifts.
- Protects all metals against corrosion and cleans light soils.
- Lubricates moving parts including chains, gears, hinges, locks and latches.
- Penetrates and releases to free tight or seized nuts, bolts, locks and linkages.

### Directions for use:

Spray liberally onto areas to be treated. Wipe away any excess with a cloth. Reapply as required.

Nonfood Compounds  
Program Listed: H1  
Registration: 157826

## DATA SHEET

### Typical Properties:

Colour	Light Brown
Density, 25°C (ASTM D792)	0,76
Flash point, aerosol (°C)	-60
Humidity Cabinet (ASTM B-117), % rust	<1%

### Health and Safety:

The product Material Safety Data Sheet is available upon request and must be read and understood before use.

### Packaging:

400ml Aerosol (Product Code: 53780400) (2 x 6 Shrink Packs/Carton).

Nonfood Compounds  
Program Listed: H1  
Registration: 157826
